

# Hermann J. Wiemer

## W E L C O M E

Welcome to our grounds, our tasting room, and our vineyards. Our staff is on hand to guide you through your tasting experience, providing you with information on our sustainable farming practices and our low intervention winemaking practices. The Wiemer estate spans 90-acres of prime vineyard sites on the western slopes of Seneca Lake and the wines are among the most acclaimed in the region.

### HOW TO TASTE

We offer wine by the glass and bottle, as well as the option to choose 2.5 oz pours that will allow you to design your own flight and mix and match with your friends and family via carafes.

2.5 oz pours are the perfect amount for 2 people to share a taste, and 5 oz (glass) pours are great for groups of 4. Select 4 - 6 wines to create a custom tasting experience!

### *Good to Know!*

- As of 2004, we eliminated the use of herbicides
- Our core soil management techniques include the usage of organic compost and cover crops
- All estate fruit is hand-harvested and hand-sorted
- Our fermentations rely on indigenous yeasts
- We do not use fining or filtering additives
- Our sulfur usage is below certified organic levels
- Our 33-acre HJW Vineyard is Biodynamic Demeter Certified
